Draft APA Practice Guidelines on Evaluations of Adults

Draft APA practice guidelines on the psychiatric evaluation of adults are now available for review by all APA members. Downloadable PDF versions of the drafts are available on the APA website. The deadline to comment is February 5th, 2014. Comments...
Resident-Fellow Member Changes

By the end of January 2014, the term “Member in Training” (MIT) will be replaced in all APA material to Resident-Fellow Member (RFM). The term MIT was hard to understand both within and outside of the APA; common terms such as “resident” and “fellow” more clearly define our stage of training and shared interests. Furthermore, “resident” and “fellow” are designations in-line with other organizations, including the Accreditation Council for Graduate Medical Education (ACGME), the National Board of Medical Examiners (NBME), and the AMA.
