Tips for Using Electronic Handouts & Meeting Technology

- Don't forget your device charger(s)! *We will have several charging stations set up in the session rooms.*

- Download a free QR Code Reader app on your smart phone or tablet so you can scan the QR Codes found around the conference. (Search "QR Code Reader" in your device's app store.)

- Download the free Guidebook mobile app from your device's app store to view handouts, schedule, speaker bios, workshop descriptions, award winners, and more! *Search for NC Psychiatric Association within the app to find our event. Visit https://guidebook.com/guide/23750 to use the app without downloading.*

  Guidebook App

- If you're using a tablet or smart phone to view handouts, install the FREE Adobe Reader app so you can take notes (by hand or with a keyboard or stylus), highlight text, make comments, etc. directly onto the PDF handouts. *NCPA will provide you with a stylus pen. Other apps are available for purchase and may have more "bells and whistles."*

- Save PDF handouts to your device via links from the confirmation email, NCPA website, the Guidebook App or QR Code at right.

  Handouts

- All handouts are available on the USB drive provided. *The handouts are organized by day in separate folders on the USB drive and labeled with each presentation's title and speaker.*

- Use #NCPA14 to tag Tweets and Facebook posts related to the conference. *Guidebook lets you access Twitter and Facebook within the app!*

- If you have questions, ask NCPA staff. *We are here to help you!*
