TIPS FOR ACCESSING ELECTRONIC HANDOUTS

- Download the free Guidebook mobile app from your device's app store to view handouts, schedule, speaker bios, workshop descriptions, award winners, and more! *Search for NCPA within the app to find our event. Visit https://guidebook.com/guide/65690 to use the app in your browser.*

- Save PDF handouts to your device via links from the confirmation email or from our website: www.ncpsychiatry.org/2016-handouts. **We strongly recommend you download the handouts you wish to access in advance. Do not rely on the hotel conference room wireless, it can be slow when 200+ attendees try to access it at once.**

- If you're using a tablet or smart phone to view handouts, install the FREE Adobe Reader app so you can take notes (by hand or with a keyboard or stylus), highlight text, make comments, etc. directly onto the PDF handouts. *Other apps are available for purchase and may have more "bells and whistles."*

- All handouts are available on the USB drive provided. *The handouts are organized by day in separate folders on the USB drive and labeled with each presentation's title and speaker.*

- **If you have questions, ask NCPA staff. We are here to help you!**
