

Tips for Using Electronic Handouts

- Don't forget your device charger(s)! We will have charging stations set up in the session room.
- Save PDF handouts to your device via links from the confirmation email, NCPA website, the Guidebook App prior to the event.
- Handouts are available online, www.ncpsychiatry.org/ros-handouts. Handouts are also available via the Free Guidebook App:

<https://guidebook.com/guide/34517>

You may also search for Guidebook in your device's app store. Once installed on your device, search for "Review of Systems" to view the workshop information.

The handouts are included in the "Schedule" menu that appears as a calendar icon.

- If you're using a tablet or smart phone to view handouts, install the FREE Adobe Reader app so you can take notes (by hand or with a keyboard or stylus), highlight text, make comments, etc. directly onto the PDF handouts. Other apps are available for purchase and may have more "bells and whistles."
- All handouts are available on the USB drive provided. The handouts are labeled with each presentation's title and speaker.
- If you have questions, ask NCPA staff. We are here to help you!
